SPEC PACK

Stormwater Pit Accessories - Series 450

To get the most effective use out of your stormwater pit there is some suggested accessories that can be used to allow for seamless installs and waterflow. To find out more information on each particular accessory, please check the Everhard website product pages by search the code.

97904 - SQID 450 Stormwater Management Device

Guards against pollutants and other debris being washed into our oceans via our ecologically fragile rivers and streams. Pit Pollutant Traps can simply be fitted underneath the grate which will then hold it in place.

540 L x 540 W x 200mm H | 3kg

13501 - Trash Screen V Basket to suit 450 Pit

The EVERHARD Trash Screen is a rigid "Vee" which fits closely into the throat of the Pit below the Grate. These are designed to be simply placed into position under the standard Steel Grate to provide an efficient and cost-effective guard against trash entering the stormwater drains.

540 L x 540W | 13kg

WEIGHT 13KG

80080 - Pit Boss

Eliminates poor pipe connections to polypropylene pits due to subsidence of the ground or poor installation connections.

130 L x 130 W x 55mm H | 0.14kg
